

Rainbow School Kahuku

April 2008, Newsletter

Welcome Back Rainbow School students, we hope that you enjoyed your Spring Break!

Theme: I am a person who likes to go places. I like to learn about different forms of transportation.

Dates to Remember:

- 8th- Maui Performing Arts
- 18th- Rainbow Fun Day
- 14th-18th- Week of the Young Child

Happy Birthday!

- 8th- Nickolas Widner
- 8th- Anela Kapu
- 10th-Elia Cheney
- 14th- Emma-Leah Manumaleuna
- 16th- Leimomi Francisco
- 28th- Victoria Tower

Please help welcome our new students Elia Cheney and

'Ulu'amu Langi in the Little Lambs class, Milika Langi in the Fabulous Frogs class, and Elijah Hanley in the Care Bears class.

Rainbow Fun Day:

Every year all five Rainbow Schools get together for a Rainbow Fun Day. It will be held here in Kahuku Rainbow School on Friday April 18th from 9:00 to 12:00. Teachers will set different hands-on activities for the children and there will be a petting zoo, a jumper and Uncle Wayne Watkins, Crease Lifu will be performing.

*Parent volunteers are needed to make this a successful event for the young ones. Please confirm with teachers that you'll be volunteering for this upcoming event. This is the opportunity for Pauahi parents to fulfill their requirements for the semester.

Preschool Open Doors

Maximus-Preschool Open Doors is taking applications from March 1 to April 30th for families that qualify for preschool assistance. Preschool Open Doors is an early childhood education and care project funded by the State of Hawaii. It helps children go to preschool and provide families to pay school tuitions depending on family size and income.

Kamehameha Pauahi Scholars

Kamehameha School is offering Pauahi Scholars financial aid assistance for the next school year. Application deadline for Pauahi Scholars is April 30th. Your child must have some Hawaiian ancestry to apply.

ALEXANDER LAW

Hawaii Child Safety Seat and Seat Belt Laws

From [Heather Corley](#),

Hawaii state law requires that all children under age four be restrained in a federally approved child safety seat. A new law, in effect as of January 1, 2007, requires that children ages four through seven ride in a booster seat or car seat any time they are in a vehicle. The only exceptions are for children taller than 4'9" or those riding in vehicles with lap-only seatbelts in rear seats.

Hawaii's new law advises that children who have outgrown harnessed car seats (usually those who weigh between 40 and 65 pounds) should use a booster seat until they fit an adult seatbelt properly. This usually occurs when a child is at least 4'9" tall and weighs at least 80 pounds.

Hawaii allows a \$25 tax credit per year towards the purchase of proper child safety seats
