Kindergarten Registration

As a reminder to all of the parents of the children born in the year 2005, Kindergarten registration is already in full swing for the 2010 – 2011 school year. It would be a good idea to make an appointment to meet with the principal of the school you are inquiring about and ask him/her any questions that you may have regarding the school’s program, curriculum, etc. This meeting would also give you an opportunity to see the classrooms and possibly meet your child’s Kindergarten Teacher. Another thing to consider is private schools. If that may be the route you’re looking for right now is the time these schools are accepting appointments/interviews from new enrollee’s. Private

schools may also have scholarships, grants and other financial assistance that you may be able to qualify for. Whatever your choice of school is for your child, make sure you're comfortable with it.

Thank You

Thank you to all of the parents who participated in our second Parent-Teacher conference held last month. It is very important to keep the line of communication between home and school open so that we can ensure that your child is getting the proper early education he/she deserves. Each child's progress report was discussed and parents were given the opportunity to include their thoughts, ideas, concerns, and suggestions regarding their child's development. Conferences like these are very helpful for the teachers as well so that we may be better equipped to create lesson plans that will benefit your child's development. Remember, "Together we make our school a success!"

Letter of Intent

Letters of intent will be sent out this month so that our school may be able to know what your intentions are as far as the Summer Session and new school year is concerned. As soon as we have the proper information we will also be contacting those on the waitlist to inform them of whether or not their child has been accepted. So it is imperative that you sign and return the bottom portion of this letter by **March 12, 2010**. Also the registration fee is only for the children continuing on for the new school year and is not due until May 28, 2010. Thank you very much for your consideration.

Tuition Increase

In order to maintain a quality program we will be increasing the tuition rate for the following school year. The tuition rates effective August 1st, 2010.
